DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

2. Claims 1, 3, 5, 8, 10, 12, 15, 17, 19, 22, 24, 26 and 29-30 are rejected under 35 U.S.C. 102(e) as being anticipated by Yonezawa et al., US 5621429 for the same reasons as set forth in the last Office Action.

Claim Rejections - 35 USC § 103

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

4. Claims 2, 4, 6, 9, 11, 13, 16, 18, 20-21, 25, 27-28 are rejected under 35 U.S.C. 103(a) as being unpatentable over Yonezawa et al in view of Yamaashi et al, US 5621429 for the same reasons as set forth in the last Office Action.

5. Claims 7, 14, 21 and 28 are rejected under 35 U.S.C. 103(a) as being unpatentable over Yonezawa et al for the same reasons as set forth in the last Office Action.

Response to remarks:

Applicant asserts that Yonezawa does not teach the features as now claimed "acquiring and notifying a state of reception of the images...while said reception means is receiving the images, while performing said receiving step, or while said reception process code is receiving the images" (arguments, p. 17, 1st ¶). Examiner disagrees.

Yonezawa in fact discloses the same as claimed as evidenced at col. 3, line 65 to col. 4, line 26.

Applicant did not raise any relevant issues pertaining to the Yamaashi reference.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
